

## Is the Saber DA-1N1-I/E a Hybrid Card

Is the Saber DA-1N1-I/E a Hybrid Tuner ?No. A Hybrid tuner has just one tuner. It can work as either an Analog tuner or a Digital tuner. It can not operate as both at the same time. The Saber DA-1N1-I/E is a combo tuner, with 2 separate tuners on the board. You can use both at the same time., to record one show while you watch another or record 2 shows at once.
